

10008-O Product Data Sheet	
-----------------------------------	--

Part Number:	10008-O
Nomenclature:	15" x 18" Oil Only, Contractor Grade Heavy Weight, melt-blown, polypropylene sorbent pad.
Unit Color:	White
Unit Dimensions:	15" width x 18" length. (270 sq inches / .2083 sq yards.)
Unit Weight:	1.67 oz per pad. (8 ospy (oz per square yard))
Unit Absorbency:	20.04 oz to 25.05 oz (viscosity of fluid may raise or lower this base)
Units per Case /Bale:	100 pads per bale
Case / Bale Absorbency:	15.66 gallons to 19.57 gallons (viscosity of fluid may raise or lower this base)
Case / Bale Weight:	10.44 lbs.
Case / Bale Dimensions:	15" x 18" x 11.5"
Case / Bale per Pallet:	30 bales per pallet (6 cases per tier / 5 tiers per pallet.)
Pallet Dimensions:	48" x 48" x 86"
Pallet Weight:	348.2 lbs.

Features:

Absorbent pad that is specifically designed to selectively absorb Hydrocarbon based fluids, such as motor oil, diesels, kerosene, hydraulic oil, pesticides and many other petroleum based liquids, without absorbing water.

- Absorbs petroleum and petroleum based liquids such as lubricants, fuels and pesticides without absorbing aqueous solutions (water based liquids).
- Repels water while afloat to clean up spills on water (Hydrophobic).
- The natural white color draws attention to machine leaks and alerts the user of the current saturation level of the pads during a spill cleanup.
- ProSorbents™ Fiber technology is specifically designed to handle demanding tasks and large volume cleanups.
- Pads are ideal for catching drips and soaking up spills.
- Flame-resistant material won't burn immediately like cellulose absorbents. ProSorbent™ oil only pads melts when exposed to high heat while on the job.
- Can be wrung out and incinerated after use to reduce waste or for fuels blending.

Regulations and Compliance

29 CFR 1910.22 (a)(2)	“The floor of every workroom shall be maintained in a clean and, so far as possible, a dry condition. Where wet processes are used, drainage shall be maintained and false floors, platforms, mats, or other dry standing places should be provided where practicable.”
