

25129-U Product Data Sheet	
-----------------------------------	--

Part Number:	25129-U
Nomenclature:	2 rolls per bale, each roll 18" x 144' Universal, Heavy Weight, Melt-blown, bonded polypropylene sorbent roll. Center Perforated, Cross perforated every 10".
Unit Color:	Gray
Unit Dimensions:	18" width x 144' length. (31,104 sq inches / 24 sq yards)
Unit Weight:	13.5 lbs. per roll. (9 ospy (oz per square yard))
Unit Absorbency:	16.875 to 25.3125 gal (viscosity of fluid may raise or lower this base)
Units per Case /Bale:	2 rolls per bale
Case / Bale Absorbency:	33.75 gallons to 50.625 gallons (viscosity of fluid may raise or lower this base)
Case / Bale Weight:	27 lbs.
Case / Bale Dimensions:	22" x 22" x 38"
Case / Bale per Pallet:	18 bales per pallet (9 cases per tier / 2 tiers per pallet.)
Pallet Dimensions:	48" x 48" x 90"
Pallet Weight:	521 lbs.

Features:

Absorbent pad that is designed to absorb oil and water base liquids such as motor oil, diesels, coolants, acids and caustics.

- Specially bonded material to give added strength for tough jobs.
- Absorbs all forms of liquid.
- The gray color hides unsightly messes.
- ProSorbents™ Fiber technology is specifically designed to handle demanding tasks and large volume cleanups.
- Pads are ideal for catching drips and soaking up spills.
- Flame-resistant material won't burn immediately like cellulose absorbents. ProSorbent™ oil only pads melts when exposed to high heat while on the job.
- Can be wrung out and incinerated after use to reduce waste or for fuels blending.
- Perforations allow the user to use as much as needed to conserve product.
- Light enough and easy to use to apply to any small spill.

Regulations and Compliance

29 CFR 1910.22 (a)(2)	“The floor of every workroom shall be maintained in a clean and, so far as possible, a dry condition. Where wet processes are used, drainage shall be maintained and false floors, platforms, mats, or other dry standing places should be provided where practicable.”
